Baen is an online platform for you to read your favorite eBooks with a section consisting of limited amount of free books to download. Even though small the free section features an impressive range of fiction and non-fiction. So, to download eBooks you simply need to browse through the list of books, select the one of your choice and convert them into MOBI, RTF, EPUB and other reading formats. However, since it gets downloaded in a zip file you need a special app or use your computer to unzip the zip folder.

Samsung Google Nexus S - User opinions and reviews - page 51

The Nexus S is being pushed by Google on its website, but it looks and feels more like its Samsung sibling, the Galaxy S. It has the same plasticky, oddly curvacious case and gorgeous Super AMOLED screen, which manages to be as vivid as a standard AMOLED screen but not as blindingly reflective in bright light.
