BBC - History - British History in depth: Black Death

Some put forward the theory that the Black Death was a punishment from God for man's failure to meet biblical expectations. Whatever the truth, the average peasant cared not. What they did care about was that when the disease, carried in the bowels of trading ships from Europe, made port at Dorset in 1348, it ripped through England with terrifying ferocity.

The Black Death - Historic UK

Bubonic Plague was known as the Black Death and had been known in England for centuries. It was a ghastly disease. The victim's skin turned black in patches and inflamed glands or 'buboes' in the groin, combined with compulsive vomiting, swollen tongue and splitting headaches made it a horrible, agonizing killer.
